TRAGEDY

Hello!!
...
I hope
I don't disturb
.....

Who are you ?
...

I just followed one of your men...
And how did you get here...?
That's strange that a little girl follows an individual with a gun, I imagine it's not just to say hello....

Whoever you are or whatever your goal.., I'm afraid you're going to have a big problem you saw this place you understand that I can't let you go ....
Leave her to me....
I want to play a little bit ....

Are you sure...?
why are you asking ?
And I'm also tired of our routine things... I want to enjoy for once..
I just dislike this bitch who think she can fuck with everyone she likes...
MY GUN IS MUCH BIGGER
Oh!! Do as your wish she's yours....

MY GO
MUCH
BUGG
TH
YOUR
Don't worry...
It won't
be long..!!!

Just stay calm !!!
Huh...?
You'll be mine !!!

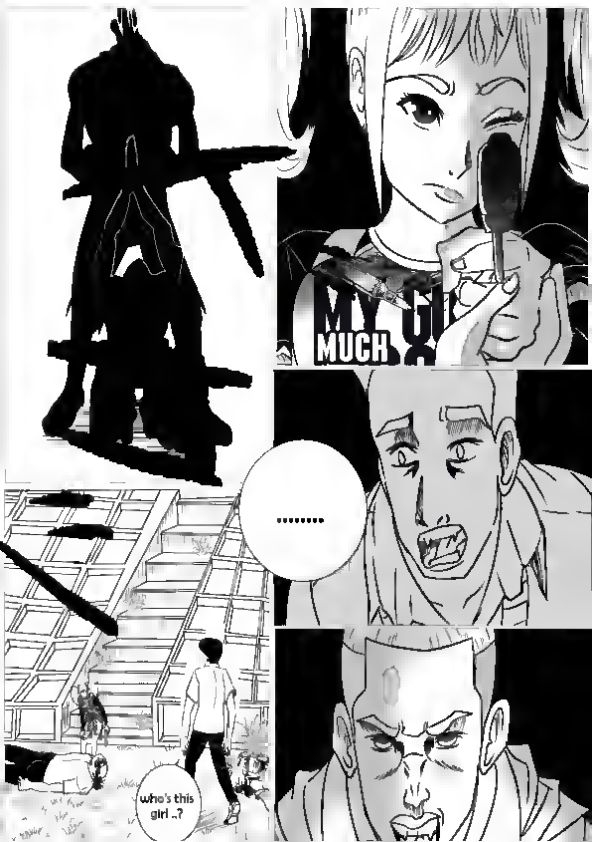
How she knew....
I was going to appear behind her ?
....

hehehe!!!
that Kimisuni...
she will always
surprise me
?
so Kimisuni wake up
and finish her...
we don't have
time to joke around
...
But sorry little girl
we are vampires and we don't
die with just a simple bullet
...

MY GUN IS
MUCH
BIGGER
THAN
YOU
Kimisuni...?
Yeah you're right!
it's not just a simple bullet that
gonna kill a kind of specie like
you....
but those kind of bullets are
quite specials ...
Made specially for vampires so
when the bullet reach the
brain immediatly cause a
malfunction the nerves and
the victim dies....
It's quite effective I have to
admit
...
KILL THAT BITCH
!!!

MY GUN IS MUCH BIGGER THAN YOURS
ohh!! she's fast...?

Huh...?
BUBBER
I GOT HER!!!



MUCH
.....
who's this girl ..?

I'm out of this !!
What..?
That girl with her gun skills.... she s untouchable ..
MY GUN
MUCH

You are going to regret this...
I hope Achita is ok...?

oh my God!! why she never listens when it's about vampires...?
She's always doing things by herself...

the location is not far from here
3km to East...
I won't forgive me if something bad happen to her
At the robot take the right
Huh... is it necessary to stop at the red light even if we are in hurry..?
we can't break the rules just stop..
.....

Thinking about all this just make me sick ....
I guess I have to rest a little bit..
I got information but I can't give to the boss... his cellphone is off and nobody didn't see him since 2 days...
Huh ..?
The door is open-?
It wasn't when I left..

Who are you...?
What are you doing in my place ?
Hell Hagoshi Torihama nice to meet !!
Nyumi!! Is it you..?
We were waiting for you
We ?

WHAT...???

I thought you could be able to see through this attack
... ...
I guess you can't read in the mind of people
...
well, well ! where can I start?
....
Oh yeah! I've completely forgot that you can see and talk to our bad side of vampire....

I don't know how you get close too Mina but it won't happen onymore ...
It's true that the first time I hear that I thought it was bullshit but when I read what you wrote I started to believe in it... because it was impossible that a simple human knows the existence of the dracula's daughter ...
You human!!! you never listen ... Don't you..?
Who....is...Mi..na...?

TIME OUT!!!
....

MY GUN IS
MUCH
BIGGER
What happened ?
..

MY GUN
NUMBER
Achita!!
Did you do
all this by yourself ?
...
Huh...?
YOU ARE REALLY
AMAZING
ACHITA
!!

Yeah! you get down all these vampires by yourself ...
Yeah! It's not nothing can you teach me please..?
Huh..!!
CUT IT OFF!!! ...
Sorry!!! ...
I give you a credit that you found this place and killed all these vampires but did you at least get informations about their source? ...

Oh!!
you really think so
It's true that our goal is to kill all vampires but do you really think that you can heal someone without knowing what he's suffering...
the vampires that you killed was bite by an other vampire and this vampire was bite by a another vampire and it will go on like this if we don't kill the source...
you were just acting by yourself and put your teammate in danger ..
Who cares ?
we just have to kill all of them....
Isn't it our goal..?
And who do we have to blame..?
...
NOT YOU CAN NRIE WITHOUT WEARING YOUR MASK...
YOU ALSO PUT YOUR TEAMMATE IN DANGER
...

It s always like that when you re in mission ?
...
haha!!
Not always but we used to support them
...
Hello!!
....
Huh...?

ドガッ
Huh..?
Nyumi! are you...
Ok! guys! I think we have to go...!!

NYUMI...?
what happened ? ...
I don't know she just fell down...!
NYUMI ?
NYUMI..?

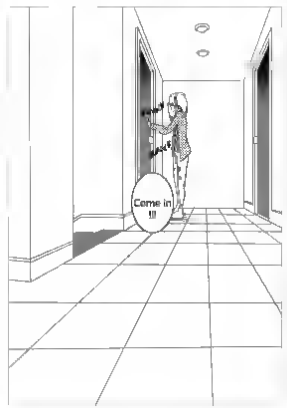
5 HOURS LATER....
Visualist
I didn't think that situation would happen so... We trespassed into a sacred area...
Oh!
What a day!!

How did he even find the force to train in this situation ..?
even if he was too curious... I guess it was the cause of his death...
We still have Nyumi.. so we have to count on her. I promised to her uncle that I won't involve her in this but I guess I don't have the choice....
Oh!
How are we going to find vampires now ..?
She went to visit Nyumi at her place...
by the way.. where is Achita..?

Oh! Achita! Come in!
Hello! ....
Hello Mme Hagashi ..

Please Ashita take care of her
Excuse me! Mrs. Hagoshi

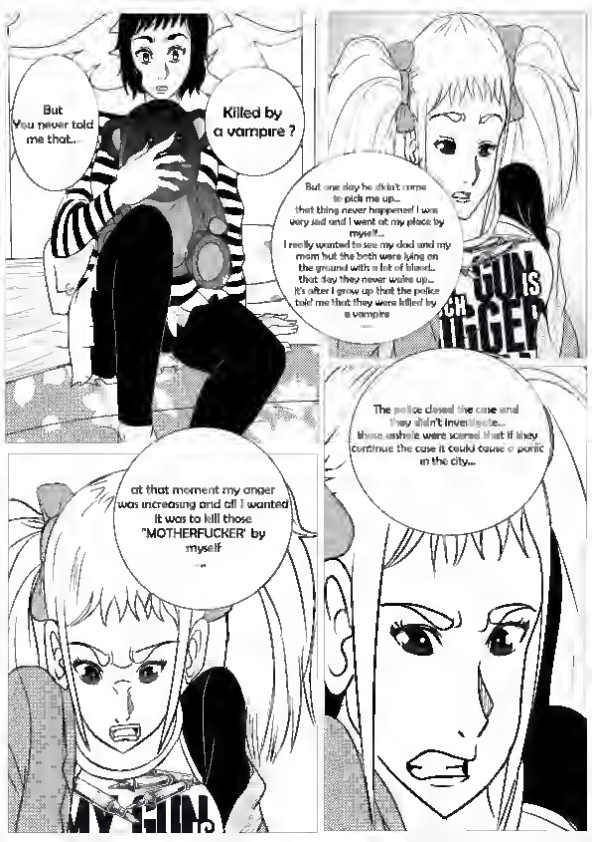
Nyumi is there..?
Yeah! she's up stairs.. she's a little down but she will be happy to see you...



Come in !!

This is all my fault
I knew he was in danger
but I didn't do anything
....
I'm ok...
why are you asking ?
....
I'm....

He was always there for me but I wasn't there for him
I'm really the worst
....
He was always coming to pick me up at school after classes.
In the way to home we stopped to the ice cream shop...
It was normal I was 6 old at that period you like this kind of stuff..
AAAH!
...
When I was with my father it was really a great time
what a memory...
Huh. .?



But You never told me that...
Killed by a vampire ?
But one day he didn't come to pick me up... that thing never happened I was very sad and I went at my place by myself... I really wanted to see my dad and my mom but the both were lying on the ground with a bit of blood... that day they never woke up... It's after I grow up that the police told me that they were killed by a vampire
GUN IS
The police closed the case and they didn't investigate... those asshole were scared that if they continue the case it could cause a panic in the city...
at that moment my anger was increasing and all I wanted it was to kill those "MOTHERFUCKER" by myself
MY GUN

But I'm not going to stay here without doing anything.
as my father used to say if you want things ot to be done you have to do it by yourself
....
You're right last time..
I lied to you I saw something in that paper... something that can be the cause of the death of your uncle.
It was talking about the dracula's daughter
I didn't really read what it was about
.....
Me...?
But for this Nyumi..
I need you to find the dracula's daughter
.....
Can you do it...?
